PROFESSIONAL SUMMARY

Aspiring AI Agentic Builder and Web Development learner with a strong background in communication, teaching, coordination, and structured documentation. Currently building responsive web projects using HTML, CSS, JavaScript, Python, GitHub, and modern AI tools while exploring intelligent automation and UI design.

Experienced in online teaching, academic coordination, and public communication through Akashvani Kochi. Passionate about creating clean digital experiences, learning emerging technologies, and continuously improving technical, analytical, and problem-solving skills.

Seeking entry-level opportunities in web development, AI support, content-tech, coordination, or technology-driven roles where communication and technical learning can be combined.
